**PURCHASED PART SPECIFICATION**

Storage: □ Restricted, Perishable □ Unrestricted
Inspection: □ Certification Required □ Performance Verification Required □ Internal
Category: □ Proprietary Critical □ Catalog Critical □ Non-Critical
First Use: ________________ □ For All Applications

Suggested Vendor: V1801
Vendor P/N:

**Extended Description:**
- Size: 0.03" x 5.25" x 7.00"
- Material: 304 Stainless Steel
- Apply adhesive to back surface: 3M 467 MP/200MP

**Storage:** Restricted, Perishable
**Inspection:** Certification Required
**Category:** Proprietary Critical
**First Use:** For All Applications

**Notes:**
- Added adhesive note to extended description.
- Added buttress thread grease.
- Changed material from aluminum to 304 stainless steel.
- Changed thread grease from 5.25 to 4.63.

**Vendor P/N:**
